Program Number	9900130
Program Length	Varies
Course Title	GED® Reasoning Through Language Arts (RLA)
Course Number	9900131
CIP Number	1532.020207

Grade Level	30, 31
Recommended Length	Varies (See Program Structure)

Purpose

The GED® Preparation Program consists of four content-area assessments: Reasoning through Language Arts (RLA), Mathematical Reasoning, Science, and Social Studies. The purpose of the program is to prepare students to obtain the knowledge and skills necessary to pass the official GED® subtests and be awarded a State of Florida High School Diploma. Additional performance levels will certify that the adult student is career and college ready. This program strives to motivate students not only to obtain a State of Florida High School Diploma via passage of the four GED® subject area tests, but to continue their education to earn a postsecondary degree, certificate, or industry certification.

The Reasoning through Language Arts (RLA) course of the GED® Preparation Program prepares students to pass the GED® RLA Test. This test will focus on the fundamentals in three major content areas: Reading, Language Arts and Writing. Students will achieve the ability to read closely, the ability to write clearly, and the ability to edit and understand the use of standard written English in context.

Placement

Students should test at the NRS ABE level 5 or higher on a state approved reading assessment ([Rule 6A-6.014, F.A.C.](#)) to be placed in the GED® RLA preparation course.

Note: Students may continue to be reported with the GED® Comprehensive course number if they have tested at the NRS ABE Level 5 or higher on at least one of the eligible Math or Reading assessment subtests. The student should also be enrolled in Adult Basic Education (ABE) to continue instruction in each appropriate subject area until they can demonstrate a NRS ABE Level 5 or higher equivalent scale score on the eligible subtest as appropriate.

Students who have taken and passed the Reasoning through Language Arts GED® subtest but have not yet taken either the science or social studies subtests, should still be tested on an eligible state approved reading assessment and demonstrate a NRS ABE Level 5 or higher scale score in Reading prior to receiving GED® instruction in science or social studies.

GED® 2014 Assessment

Information on the GED® 2014 Assessment and the performance targets and content topics are derived from the Assessment Guide for Educators provided by GED® Testing Service. The manual can be downloaded at https://ged.com/educators_admins/teaching/teaching_resources/

The GED® RLA test items are based on assessment targets derived from the Florida State Standards and similar career-and-college readiness standards.

Because the strongest predictor of career and college readiness is the ability to read and comprehend complex texts, especially nonfiction, the RLA Test will include texts from both academic and workplace contexts. These texts reflect a range of complexity levels in terms of ideas, syntax, and style. The writing tasks, or Extended Response (ER) items, requires test-takers to analyze given source texts and use evidence drawn from the text(s) to support their answers. The RLA Test includes the following:

- Seventy-five percent of the texts in the exam will be informational texts (including nonfiction drawn from the science and the social studies as well as a range of texts from workplace contexts); 25 percent will be literary texts.
- Texts included cover a range of text complexity.
- Texts emphasize vocabulary that has multiple meanings dependent on subject area or context, rather focusing on discipline-specific terms.
- U.S. founding documents and the “Great American Conversation” that followed are the required texts for study and assessment.
- The length of the texts included in the reading comprehension component will vary between 450 and 900 words.
- The items written to Depth of Knowledge cognitive complexity level 1,2, or 3.

Webb’s Depth of Knowledge (DOK) Model

The GED Testing Service® is using Webb’s Depth of Knowledge model to guide test item development for the GED® 2014 assessment. Unlike the Bloom’s Taxonomy system that was used for the GED® 2002 Test Series, the DOK levels are not a taxonomical tool that uses verbs to classify the level of each cognitive demand. The DOK is the cognitive demand required to correctly answer test questions. The DOK level describes the kind of thinking involved in the task. A greater DOK level requires greater conceptual understanding and cognitive processing by the students. The DOK model includes 4 levels: (1) recall, (2) basic application of skill/concept, (3) strategic thinking, and (4) extended thinking. Roughly 80 percent of the items across all four tests will be written to DOK levels two and three, and roughly 20 percent will require test-takers to engage level one DOK skills. Level four entails skills required to successfully complete long-term research projects. Therefore, DOK level four is beyond the scope of this assessment.

Program Structure

The GED® Preparation Program consist of four courses: Reasoning through Language Arts (RLA), Mathematics Reasoning, Social Studies, and Science. per test passed by the student. The program and course length can vary however the recommended length for Reasoning through Language Arts is approximately 500 hours.

Course Number	Course Title	Recommended Length*	LCP Level
9900131	GED® Prep Reasoning Through Language Arts	Varies*	V

**Recommended Length: A maximum of 1300 hours may be funded (state) per each reportable year for an adult education student. However, this should not prevent students from receiving instruction beyond the 1300 hours if needed. For example, you may report 1500 instructional hours but only 1300 hours will be used in the funding calculation.*

Note: Section 1003.435(4), F.S. states, “A candidate for a high school equivalency diploma shall be at least 18 years of age on the date of the examination, except that in extraordinary circumstances, as provided for in rules of the district school board, a candidate may take the examination after reaching the age of 16.”

Special Notes

Accommodations

Federal and state legislation requires the provision of accommodations for students with disabilities to meet individual needs and ensure equal access. **Adult students with disabilities must self-identify and provided documentation to request such services.** Students with disabilities may need accommodations in areas such as instructional methods and materials, assignments and assessments, time demands and schedules, learning environment, assistive technology and special communication systems.

Adult Education Instructor Certification Requirements

As per section 1012.39 (1)(b), F.S., each school district shall establish the minimal qualifications for part-time and full-time teachers in adult education programs.
